Project Implementation Support Initiative – Support to Non-Revenue Water Reduction in Bulgaria

Efficiency Improvement at Pumping Stations

The project's objective is to provide operational support to a number of municipalities and/or water companies throughout Bulgaria to reduce their Non-Revenue Water (NRW) and to improve the overall efficiency of water services. The overall objective is to overcome the extremely critical situation and to contribute to NRW reduction in Bulgaria.

The Technical Assistance (TA) Programme has 3 components:

- **Component A:** Dobrich NRW Reduction Action:
 - Phase 1 – Establishment of a Baseline in Dobrich
 - Phase 2 – Delivering Network Improvements
- **Component B:** Support to the National NRW Programme
- **Component C:** NRW Reduction Support to other Bulgarian Water Companies
